NOTES:

1. *In this alternative Gateway road is raised up to 7 feet. This is necessary for the Camp Creek flow to pass under the road.*
2. *The 31st Street roadway configuration between US 24 and West Platte Avenue varies. At US 24 , per CDOT's plan, 31st Street is approximately 90 feet wide. At West Platte Avenue the roadway will be per Typical Section #2. Typical Section #1 is per CDOT's proposed improvements between Colorado Avenue and Pikes Peak Avenue only.*
