The Contractor and the City further agree and acknowledge as a part of this Contract that no change order or other form or order or directive which requires additional compensable work to be performed under this Contract shall be issued by the City unless funds are available to pay such additional costs, and, regardless of any remedy-granting provision included within this Contract, the Contractor shall not be entitled to any additional compensation for any

change which increases or decreases the Contract completion date, or for any additional compensable work performed under this Contract, and expressly waives any rights to additional compensation, whether by law or equity, unless, prior to commencing the additional work, the Contractor was given a written change order describing the change in Contract completion date or the additional compensable work to be performed, and setting forth the amount of compensation to be paid, which change order was signed by the authorized City representative. The amount of compensation to be paid, if any, shall be deemed to cover any and all additional general, extended overhead, direct, indirect or other cost or expense or profit of the Contractor whatsoever. It is the Contractor's sole responsibility to know, determine, and ascertain the authority of the City representative signing any change order under this Contract.

In addition to the usual recitals in assignment contracts, the following language must be included in the assignment:

The required insurance shall be subject to the approval of the City, but any acceptance of insurance certificates by the City shall not limit or relieve the Contractor of the duties and responsibilities assumed by it under this Contract.

The insurance requirements are minimum requirements for the Contract and in no way limit the indemnity covenants contained in the Contract. The City in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of the work under the Contract by the Contractor, his agents, representatives, employees or subcontractors and Contractor is free to purchase additional insurance as the Contract may determine is necessary.

The foregoing requirements as to the types and limits of insurance coverage to be maintained by Contractor, and any approval of said insurance by the City, or their insurance consultant(s) are not intended to and shall not in any manner limit or qualify the liability and obligations otherwise assumed by Contractor pursuant to this agreement, including but not limited to the provisions concerning indemnification.

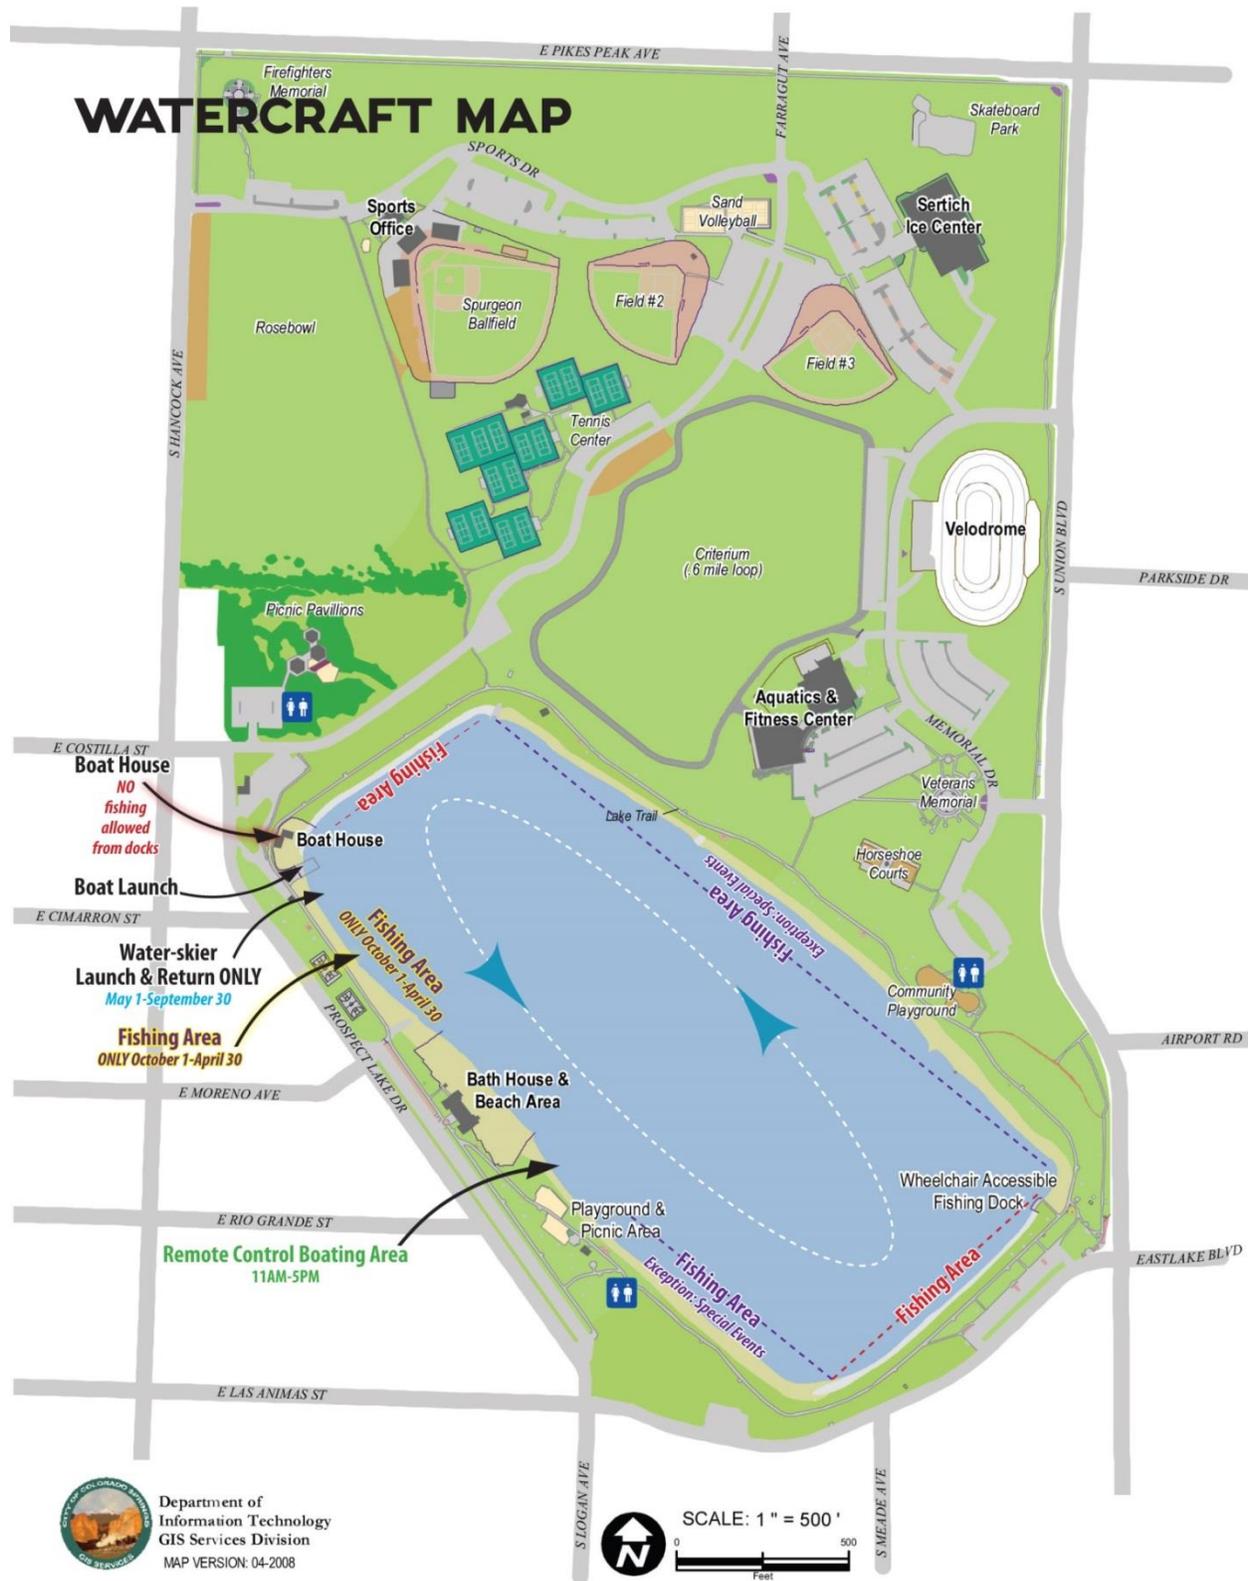

The City reserves the right to withhold payments to Contractor in the event of material noncompliance with the insurance requirements outlined above.

B.2 The insurance coverage required within this entire subsection shall not minimize, limit, nor eliminate the Contractor's responsibility for any uninsured or uncovered claims, losses, or expenses occurring during or after completion of this Project.
